

State Outreach Update

Diane Holder, VP Entity Engagement & Corporate Services

The sole purpose of this presentation is to provide technical reliability-related information based on ReliabilityFirst's expertise. This communication is not intended, and should not be interpreted, as advocating for a specific position or outcome.

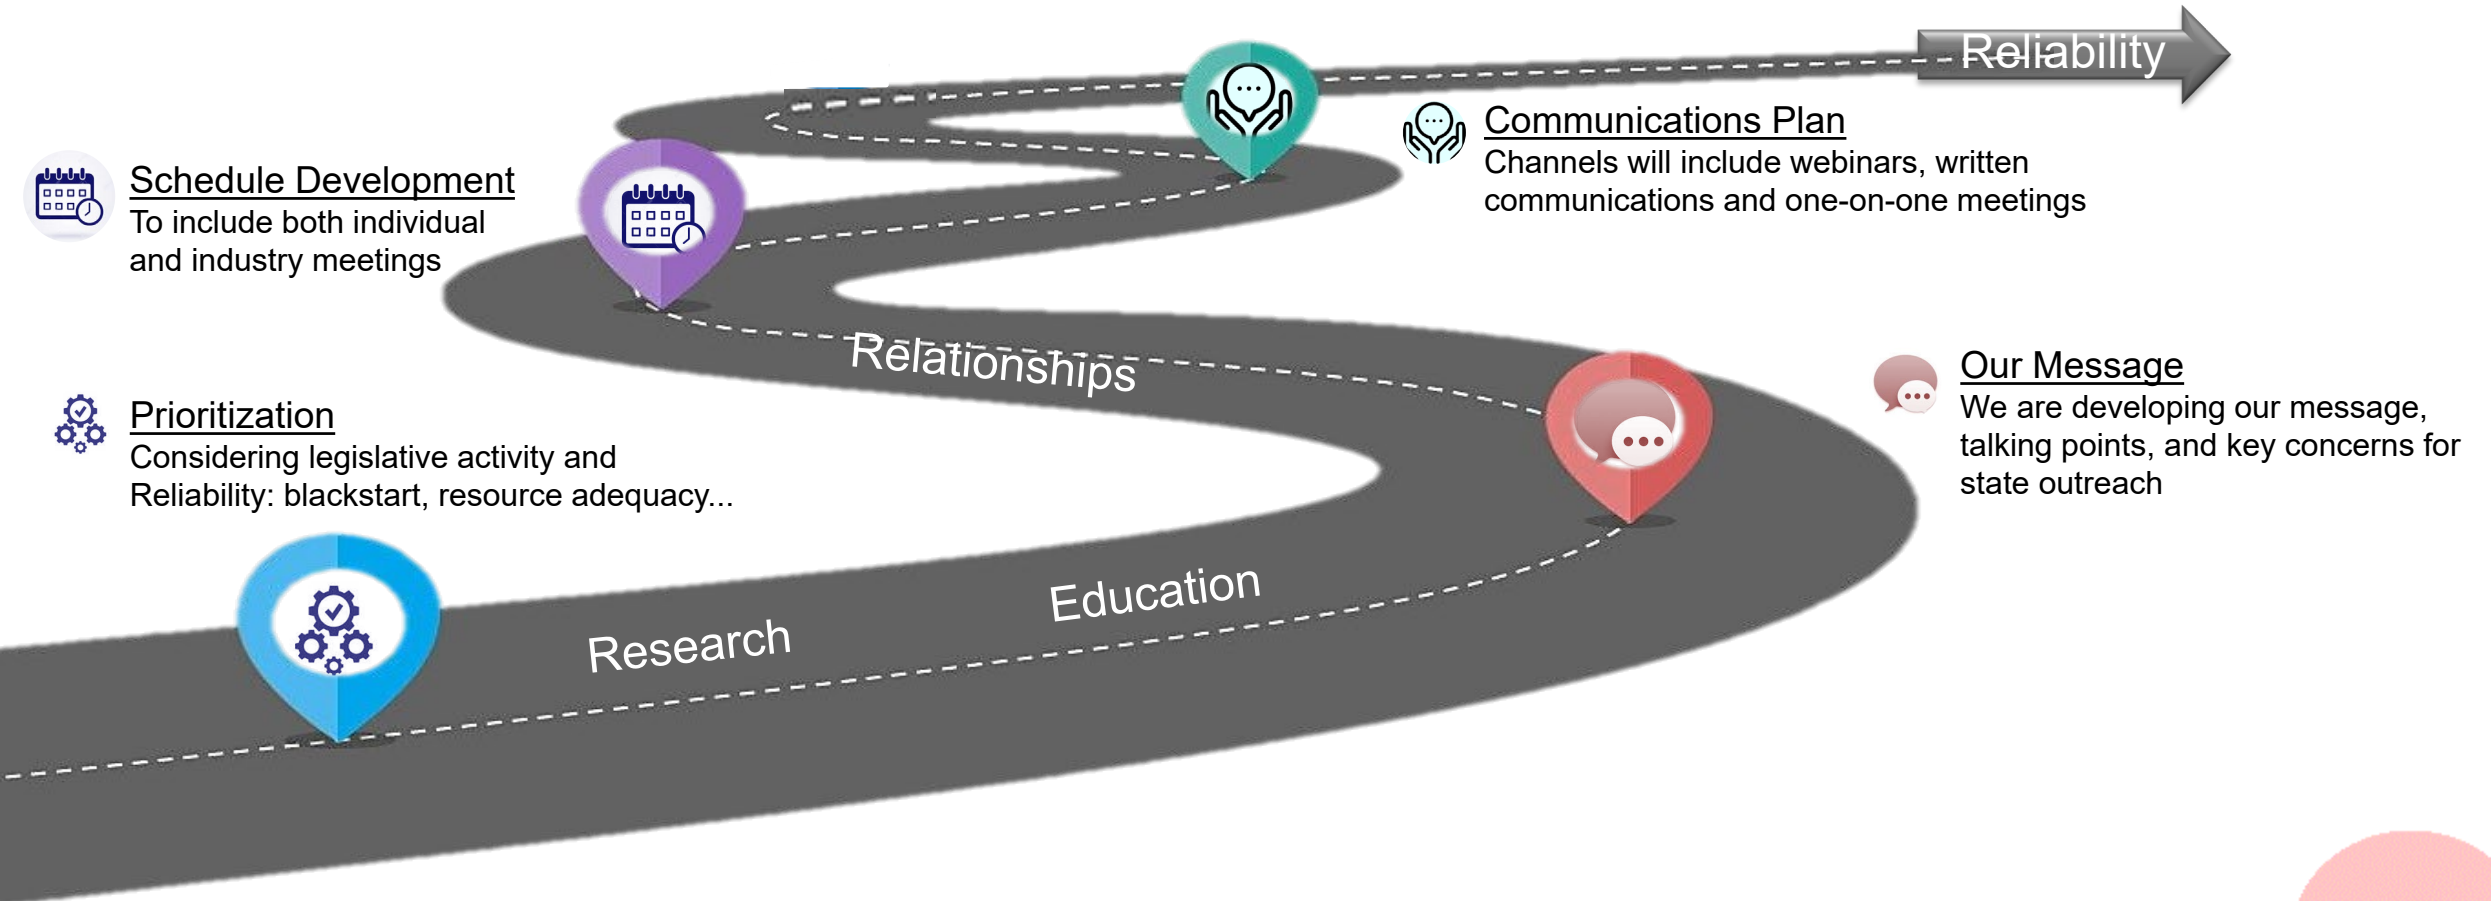

RF will address emerging risks by leveraging our objective expertise to inform policymakers

2023 RF State Outreach Roadmap

"Enhance our value as an independent resource and broaden our reach."

Environment

Affordability

Reliability

Pillars of Success

Key Concerns

3 Key Concerns

1. Resource Adequacy
2. Essential Reliability Services
3. The Pace and Complexity of Change

2023 and beyond

We look forward to continuing the conversation with stakeholders, policy makers and ERO partners

2023 State Outreach Plan

- Webinar**
Webinar focused on topics relevant to state policy makers
- Attend conferences**
RF will be attending technical and regional conferences (MARC, OPSI, OMS etc.)
- One-on-one meetings**
Lead meetings with high priority states
- Comment on policy**
When applicable, RF will comment on regulations
- Communication Plan**
Develop proactive plan, track touchpoints, inform the RF Board and entities
- ERO SO Committee**
Collaborating for consistency and coordination with NERC/Regions

Questions & Answers

Forward Together  **ReliabilityFirst**
